The lateness of the season, the amount of our overstock and a large shipment of Men's and Youth's Suits and Overcoats received this week, which we purchased in New York just a month ago, but which were delayed in transit, compels us to make immediate reduction in prices to close out the stock before the season ends. ## Union-Made Suits, Trousers and Overcoats.

Clothes that were made by America's leading manufacturers, especially those made by the Max Ernest system, the Napeleons of high grade Union Made Clothes only, and made, as good Clothes should be, to fit and wear. See the Union Labels on the Garments. This sale may be termed a sale of a manufacturer's surplus stock. A tardy season, a little too much confidence in their selling power, a surplus stock of the higher grades of Suits and Overcoats on hand and Spring goods already in the New York sample rooms, brought one of our most popular clothing makers to us with a proposition to purchase the balance of their surplus Winter stock.

We made them an offer for the entire stock and they accepted. This happened just a month ago. We at once went to New York and had the goods shipped. They should have been here after three days, but somehow they went astray and have just arrived. These goods are on sale at once at a reduction of from 50 to 75 cents on the dollar, which means less than the cost of the manutacture.
